Remote Workforce Enablement Commercial Model

A business model as flexible as the producto itself.

- Monthly or annual payment based on number of connections.
Min 10 users. Less users can be done but price per user increases.
- Initial setup fee: base amount (includes documentation and training)
+ professional services if required.
- Flexible and real quick deployment model
- On site lease equipment
- Technical support: *silver (included in price), gold, platinum.*

Thank you!
